

BUTT FUSION WELDERS

G2 Pipeliner 400

Based around the well established Gator 2 fully automatic butt fusion machine, the pipeliner further increases productivity by enabling a single operator to effortlessly load and eject the 400mm heater and trimmer.

Ideal for jobs where long pipe strings are to be made e.g. sub marine, fish cages, wind farms and other long distance pipeline projects. This third-generation design from the innovation award winning PL315 has been finely tuned working closely with customers to make an incredibly reliable easy to service machine as well as shedding 36.5kg from the previous model.

FEATURES

- "Constant heat" option available, keeping the heater plate hot for faster joint cycle times.
- Heater and trimmer folds into the chassis making a very compact machine footprint.
- User familiar standard G2 computer and hydraulic controller.
- Many common parts with standard G2 machine means consumable spares such as seals are already stocked and servicing is straight forward.
- Comes complete with lifting beam
- Battery powered tracked vehicle optional extra for increased on site portability and high-level fold flat pipe support rollers
- Optional lifting skid frame machine platform with fork lift pockets, swing out controller arm and optional extra lifting beam.

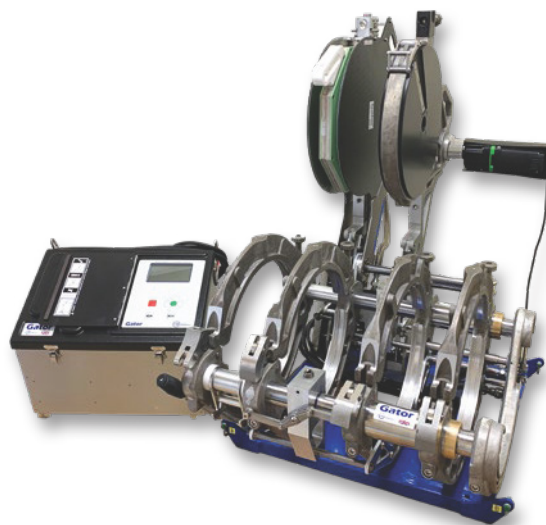

BUTT FUSION WELDERS

G2 Pipeliner 400

Technical Specifications

Pipe Diameters	200mm – 400mm
Pipe Materials	PE, MDPE, HDPE, PP
Standards	ISO1276-1:2012; Meets or exceeds GIS/PL2-3:2021; ISO1276-3 Operator badge (with optional barcode reader fitted); ISO12176-4 Traceability coding (with optional barcode reader fitted).

Description	Weight (kg)	LxDxH (mm)
Chassis, Heater & Trimmer	190	775 x 1100 x 760
Controller	53	540 x 410 x 465
Lifting beam	16.5	800 x 90 x 190

Code	Description
G400110PLE	G2 Pipe liner 400mm automatic butt fusion machine with no lift heater and trimmer 110v
G400220PLE	G2 Pipe liner 400mm automatic butt fusion machine with no lift heater and trimmer 220v
G400220PLE-CH	G2 Pipe liner 400mm automatic butt fusion machine with no lift heater and trimmer and constant temperature heater 220v

Available Optional Extras

Full range of liners
including barrier pipes
and bespoke sizes

Skid frame platform
and lifting beam

Battery powered
Tracked Vehicle

Adjustable pipe rollers
