RESTRAINING CLAMPS

SC Series Strap Clamps

The SC Series Strap Clamps are lightweight, fast set up clamps that will restrain PE pipes securely during the electrofusion process for pipe sizes up to 500mm.

FEATURES

- Quick to install and easy to use
- SC200 pipe range: 40-200mm
SC500 pipe range: 160-500mm
- Compact design
- Fast acting "tug and tension" straps

Optional Versions

- Can be supplied in double clamp format (2 clamps on each side)
- Angle maker knuckle bar version for 22.5°, 45°, 90° elbows and reducer fitting

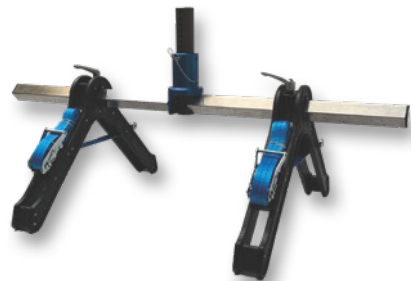

RESTRAINING CLAMPS
