RESTRAINING + PULL TOGETHER CLAMPS

Titan Series Strap Clamps

The Titan Series Strap Clamps will restrain pipe securely during the electrofusion process whilst also being capable of pulling pipes and fittings into position.

The Titan Clamps feature a lightweight and robust construction with a compact design available in 2 sizes, the Titan 200 for pipe sizes 40-200mm and the Titan 500 and for pipe sizes 160-500mm.

FEATURES

- Quick to install and easy to use
- Titan 200 pipe range: 40-200mm
Titan 500 pipe range: 160-500mm
- Capable of pulling 12m lengths of pipe using its rack and pinion system
- Fast acting "tug and tension" straps
- Includes ratchet driven pull together clamps
- No liners required
